

TISYAWONG

A curious being, in both definitions of the word. Comes with an interest in human behaviour & our interaction with objects & spaces. Wants to make an impact by widening the lens through which we see the world. Featuring a headful of crazy ideas, fresh insights, a positive learning attitude & an undying passion for most things art & design!

Batteries not included. See below for details.

ABOUT

Tisya Wong is an aspiring designer-artist who strives to alter the perception of our everyday experiences. With a process driven by observation & spontaneity, she seeks to bring the unnoticed & overlooked aspects of our surroundings to light, re-presenting them as a reflection of ourselves. Her work often melds object, material & space; occasionally embracing the digital.
